

Chief Information Officer – Commodities and Solutions (CIO-CS)

What is CIO-CS (Chief Information Officer – Commodities and Solutions)?

CIO-CS is a multi-year multiple award IDIQ contract sponsored by National Institutes of Health (NIH) Information Technology Acquisition and Assessment Center (NITAAC).

Who can use CIO-CS?

Any federal agency can order off of this vehicle

What's the Scope?

IT products and services

What's the Advantage of CIO-CS?

- This is a GWAC (as opposed to being an agency Multiple Award Contract), so it's intended for Government-Wide use
- Reduced procurement cycles and optimum pricing
- Broad in scope
- NITAAC client support simplifies and streamlines the ordering process
 - customer support center will review and assist with any client RFP within 24 hours of submittal
 - e-GOS online ordering system
- Contract Fee is only .35% of the total order value and must be listed as a separate line item on the delivery order

NITAAC Program Benefits

- Easy-to-use, secure web-based RFQ ordering system for automated delivery order competition, management, awardee selection and notification
- No special "Delegation of Procurement Authority" is required by NITAAC
- Customer Support Center provides 1-hour response to any contractual, technical or procedural question
- Free training on GWACs, NITAAC contracts and NITAAC online ordering systems
- Streamlined ordering and procedures save time, money and resources
- Delivery orders placed directly by agency with end-to-end management by procuring CO
