

OMEN by HP Mouse 400

Team up with precision

Winning is a team effort, and with the right tools you'll send your game, and team, soaring to new levels. Engineered for precision, OMEN by HP Mouse will add a touch of success to every challenge the game brings your way.

Keep up with the game

- Stay ready for anything with Omron mechanical switches that are optimized to give you faster response times and a lifetime of 10 million clicks.

On-the-fly control

- Make on-the-fly decisions with buttons that let you adjust everything from DPI to polling rate —without interrupting your gameplay or opening additional software.

Click. Right on target

- Snipers are precise, and so are you. With an optional 'Sniper Mode' thumb button function, lower DPI to 400 to increase accuracy while aiming—and never miss a shot again.

OMEN by HP Mouse 400

Featuring

Customize your accuracy

Fine tune your accuracy with a range of DPI levels from 1,600-5,000 and a new optical sensor designed to send your precision soaring.

Engineered for comfort

Ergonomic right-hand design is perfected with rubber grips providing added control and comfort.

6 buttons to customize

From thumb buttons to scroll click, 6 different buttons allow you to customize your gaming experience—so a win is always in sight.

Scroll to success

Precisely control the scroll wheel with 24 detents engineered for zooming in, weapons selection, and line-by-line scrolling

Light up your next move

Customize your mouse with your choice of LED lighting. There are 8 colors and 4 effects to choose from.
