HP JET FUSION 3D SOLUTION SERVICES – Portfolio

HP Deinstallation and Packing Service

Key Benefits

- Fast, efficient deinstallation and packaging by HP or HP trained specialists
- Maintain your service coverage
- Help reduce operational risks

Content

- Available in two configurations:
 - a) Light packing materials for a move within the same facility without a change in level;
 - b) Robust packing materials for when the equipment needs to be moved from one location to another with a change in level
- Efficient de-install includes equipment inspection to verify operation and condition

HP Deinstallation and Packing Service

Sales Speech

- Schedule services at the time that is most convenient for the customer
- Handled with the correct packaging, quickly and safely.
- An HP or HP-authorized representative will work with you to plan your deinstallation and packing

Rules of Configuration

- **Mandatory** to include this service on every HP Jet Fusion 3D Printing Solution relocation
- There is **one service SKU per Printer, Processing Station and Build Unit**– not for the Full 3D Printing Solution
- HP Packaging **availability is limited**
- Appointment needs to be scheduled at least 4 weeks before the service
