

HP Stream Laptop PC 14-cb007nm

Completely connected. Perfectly productive.

Designed for the always connected life, this nimble laptop lets you easily shift from homework workhorse to streaming your favorite shows. With its portable design, long battery life, and powerful Wi-Fi antenna, it delivers the essential productivity and features you want, without ever slowing you down.

Connect and go

The improved 802.11 ac 2x2 Wi-Fi antenna¹ delivers a stronger, more reliable Internet connection than before and with up to 10 hours of battery life,² you'll enjoy enhanced streaming, fast downloads, and smooth web surfing all day.

Windows 10 in S Mode and Office 365 Personal included

Experience the most secure Windows ever built, streamlined for security and superb performance.³ Add in full access to Microsoft Excel, Word, PowerPoint, OneNote, Access, and 1 TB of OneDrive Storage for one year, for improved productivity.⁴

Portable, stylish design

With a thin, lightweight design and bold, bright colors, this laptop was never meant to stand still. It travels easily and comes in a vibrant, non-traditional color for a uniquely personal look.

¹ Wireless access point and Internet service required. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ac WLAN devices.

² Battery life tested by HP using continuous FHD video playback, 1080p (1920x1080) resolution, 150 nits brightness, system audio level at 17%, player audio level at 100%, played full-screen from local storage, headphone attached, wireless on but not connected. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.

³ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>. Windows 10 in S Mode works exclusively with apps from the Microsoft Store within Windows. Certain default settings, features, and apps cannot be changed. Some accessories and apps compatible with Windows 10 may not work (including some antivirus, PDF Writers, driver utilities and accessibility apps) and performance may vary, even if you switch to Windows 10 Home configuration (fee may apply). You can't switch back to Windows 10 in S Mode. Learn more at Windows.com/Windows10SFAQ.

⁴ The OneDrive cloud storage offer is available only with the included Office 365 Personal subscription for a limited time. For more information, go to <http://onedrive.com/windowsoffer>.

HP Stream Laptop PC 14-cb007nm

Featuring

Dual front-facing speakers

Pump up the volume to your favorite music, movie or game. When your audio is directed towards you, nothing comes between you and your entertainment.

HP Webcam

With a great webcam it's never been easier to stay in touch and get your work done. Video chat with the family while experiencing clear, smooth quality.

Choose your color

Personalize your PC with your choice of color, for style that matches yours.¹⁸

Sleek design

Easily take this thin and light PC from room to room or on the road. When your PC goes wherever you go, staying productive and entertained has never been easier.

USB 2.0 connector

With the world's most popular USB connection, you can easily connect any of your existing USB devices without worrying about compatibility.

USB 3.0 connector

With the world's most popular USB connection, you can easily connect any of your existing USB devices and experience data transfer speeds ten times faster than USB 2.0.
