Executive Biography

Vinod J. Devan
Partner, Deloitte Consulting

Vinod is a consulting principal at Deloitte and leads the organization’s Product Development practice for high-tech sectors. His areas of interest are centered on all things ‘product’: innovation and product strategy, portfolio management, product development, and R&D strategy and operations.

Vinod helps clients more effectively link product strategy and development execution to maximize the probability of market success. His recent focus has been on incorporating emerging technologies into product roadmaps and supply chain operations and maximizing product and R&D synergies in an M&A environment.

Prior to consulting, Vinod conducted applied research in the space industry. In addition, he has held management roles in corporate development and engineering at a leading US wireless company.

Vinod holds graduate degrees in Engineering as well as Business Management.

About Deloitte

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee (“DTTL”), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as “Deloitte Global”) does not provide services to clients. In the United States, Deloitte refers to one or more of the US member firms of DTTL, their related entities that operate using the “Deloitte” name in the United States and their respective affiliates. Certain services may not be available to attest clients under the rules and regulations of public accounting. Please see www.deloitte.com/about to learn more about our global network of member firms.
