

HP Bluetooth Travel Mouse

One mouse for seamless dual-device navigation on the go

Scroll through your documents, spreadsheets, websites, and more, wherever life takes you, with the compact, 5-button, wireless HP Bluetooth Travel Mouse that works on virtually any surface, including glass, and can even drive two PCs in tandem.

Slide across practically any surface

Mouse in places unimaginable with the track-on-glass sensor that enables navigation on almost any flat surface, even glass.

Switch devices, not your mouse

Seamlessly control two PCs from one mouse with dual Bluetooth® pairing. Then simply toggle between them at the push of a single button.

Customize your experience

Use the HP Accessory Center¹ software to customize the four programmable buttons² with your preferences and daily task shortcuts, adjust cursor speed, verify pairing, and check battery status. Work in peace with quiet-click buttons.

¹ HP Accessory Center Software is available for download in the Microsoft Store and Apple Store.

² The two programmable side buttons default as forward and backward and the left/right tiltable wheel defaults as scroll left and right.

³ Based on business use, 5 days week, 8 hours a day with active use of 4%, standby 1 mode for 1%, standby mode 2 for 5%, and sleep for 23%.

HP Bluetooth Travel Mouse

Featuring

Long battery life

Flexibly power the mouse from one or two AA batteries. Stay productive longer with up to 24 months of battery life³ and intelligent stand-by mode that activates when the mouse is not in use.

Pack light

Lighten your load with just one compact mouse that supports multiple devices and fits easily inside your notebook carrying case. Travel even lighter with one battery, and still get 12 months of battery life.³

Peace-of-mind coverage

Rest easy with an HP two-year limited warranty.
