Simplify technical help

When you have a business to run, you don't want to be distracted by technical issues. That's why HP created Helpdesk, which provides your business with one number to call for technical assistance. Our comprehensive service gives you 24x7¹ access to HP-certified technicians, who provide assistance for your HP connected devices, common business software applications, and supported by Microsoft/Chrome operating systems. Through quick call and secure remote desktop sharing, your business gets immediate help with computer performance, operating system errors, security configuration, software operation/installation/how-tos, connectivity, mobility, and other issues. Get started now with support that is easy, accessible, and secure.

Service overview

Helpdesk provides phone and online technical assistance, covering computer software, hardware, connectivity, and networking issues across a range of HP devices. Don't lose time trying to fix technical issues on your own. Instead, contact a Helpdesk technician, who can temporarily access your computer to remotely diagnose and resolve issues in a highly secure support session.

Choose from multiple options to make sure your office is supported, including your primary devices (computer, laptop) plus connected peripherals (printers, scanners or backup drives).

Service benefits

- Gain comprehensive office helpdesk services from one plan—Enjoy quick, easy access to HP-certified technical help with installation, setup, sync, and troubleshooting for software applications and office devices.
- Streamline your work environment—Get your devices and software working seamlessly across HP devices running Microsoft/Chrome operating systems.
- Jumpstart your business—Helpdesk offers quick, easy installation; connectivity; troubleshooting; and “how-to” help.
- Keep your business up and running—Put your devices in capable hands with remote software tools. HP can jump in and fix the problem while you take care of your business.
- Focus on growing your business—Let HP experts provide security and support without in-house IT overhead.
- Get reliable help when you need it — Access assistance 24x7. Our HP-certified technicians are based in Asia Pacific and understand the demands of your business.
- Easily manage all of your users, devices, and support cases from one place.
- Make sure it's secure—Only you can initiate HP-encrypted remote sharing sessions. HP uses a 128-bit encrypted connection between your computer and the technician's, preventing others from viewing or accessing the session. Work with HP-certified experts to make sure your security settings and virus definitions are up to date and running properly.

Customer responsibilities

The Helpdesk Term Coverage Support and Consulting Services covered by this Agreement, confirmation of payment, and relevant instructions on how to access the applicable services will be communicated to Customer via email. In addition, Customer must:

- Register the product or users to which the Helpdesk Term Coverage Support and Consulting Services will be provided following the registration instructions provided on the Helpdesk Term Coverage Services Portal, in the email communications, or as otherwise directed by HP; HP is not obligated to provide Helpdesk Term Coverage Support and Consulting Services if the Customer or HP-authorized representative does not register with HP as stated herein.
