

HP Elite Wireless Earbuds

An Elite Sound Experience

With the rapid increase in video calls and audio conferencing, wireless earbuds are now a workplace essential. Experience superb sonics by blocking out unwanted external sounds with state-of-the-art noise canceling and personalized audio tuning and sound situations¹. Enjoy hours of comfort with premium foam and silicon tips with a sleek USB-C[®] charging case.

Low Noise. High Fidelity

With a passive and active noise canceling system, you'll be able to block out intrusive sounds that impact your listening experience. Block frequencies like working-from-home background noise, aircraft engines and traffic noise with a tap of a button so you can enjoy exceptional sound fidelity wherever you are.

Personalized calibration

HP Elite Wireless Earbuds are more than just comfortable. They're also customizable. Using customized sound tuning through a simple app², it's easy to assess your hearing and perfectly calibrate them to your hearing profile.

Easy Sound Adjustments

Noise cancelling is great - unless it's difficult to activate or adjust. Not so with the HP Elite Wireless Earbuds. Adjust them on the fly by using a mobile app² to choose presets that match your listening environment like an office, airplane or gym. They also pair easily with your PC. Not just smart. Also simple.

Comfort and Style

Great performance meets great comfort and style. Premium foam and silicon tips deliver hours of comfort while a sleek design and USB-C[®] charging case make a stylish statement wherever you go.

1. Listening to audio equipment at full volume for long periods can damage the user's hearing. To reduce the risk of hearing damage, lower the volume and amount of time listening at full volume.
2. HP Elite Earbuds App available for iOS on the Apple App Store, for Android on the Google Play Store and for Windows[®] 10 on the Microsoft Store.
