

Full Service and Support Coverage

HP Care Pack Services for
HP PageWide XL products

Key benefits - At a glance

- Reassurance on your investment
- No unexpected support costs
- Fast response that reduces time to repair
- Access to professional remote and onsite support
- Up to five years of support coverage, with further extension up to two years

¹ This service comes with Defective Media Retention (DMR) option that keeps your sensitive data safe. To comply with security regulations you can keep the defective hard drive or data-retentive memory component while getting a replacement disk or memory.

² Some restrictions may apply. Contact your Channel Partner or HP representative to know what turn around time to expect at your location.

Protect your business from unplanned costs

Your HP PageWide XL printing equipment is an essential tool that supports your core business. In the event of unexpected problems, it's vital to get the printer back up and running as quickly as possible, with minimal disruption.

To continue to benefit from fast onsite hardware support delivered the next business day, you need to purchase an extension of the standard product warranty and have your printer covered for up to five or more years.

With HP Full Service and Support Coverage, all uncertainties disappear. Purchase this service as an HP Care Pack along with the new printer and enjoy full support coverage for the following two to five. You can also extend this service for an additional period of one or two years.

This service grants you preferential support from HP, with fast and professional resolution, including remote assistance and onsite repair support and parts (excluding consumables) – all without any additional cost.

HP Full Service and Support Coverage helps you protect your printer investment by maximizing printer uptime without incremental support costs.

For most HP PageWide XL printers, this service includes a Defective Media Retention (DMR)¹ option, which ensures your confidential business data stored on the printer's memory devices do not leave your premises in the event of a memory device fault.

Service description

HP Full Service and Support Coverage is a warranty extension package that offers technical phone support, diagnostics, spare parts, material and labour for HP PageWide XL products. Simply call the local HP contact phone number to get fast access to a support agent who will perform remote trouble-shooting to diagnose the issue and, if possible, solve it immediately. If the problem cannot be resolved remotely, an HP authorized service technician will make the best effort to arrive at your site the next business day², equipped with the right replacement parts according to the remote diagnosis already performed.

The service includes:

- Remote problem diagnosis and support
- Onsite hardware support
- Replacement parts and materials (excluding consumables)
- Escalation management processes to facilitate the resolution of complex incidents
- Access to electronic support information and services
- HP electronic remote support solution
- Defective Media Retention (DMR) option (for available products only)

Benefits for your business

- No unexpected support costs: All parts and labor are covered (excluding consumables), so you have no cost surprises.
- Minimum disruption: Remote diagnosis and resolution helps to minimize impact on your business operations.
- Fast response: Next-business day onsite support gets your printer fully back to work as soon as possible.

How to order?

Purchase HP Full Service and Support Coverage together with your new HP PageWide XL printer or as an extension to an expiring HP warranty or HP Care Pack coverage.

You have the flexibility to choose between support coverage packages of various durations up to five years to address your specific service needs and help you derive longer-lasting value from your investment.

- You can choose up to five year coverage when purchasing the service with a new printer.
- Up to two year incremental coverage options are available when purchasing the service before your HP Warranty or active HP Care Pack expires.

Select the right HP Care Pack service at hp.com/go/cpc
