HP Reverb G2 Virtual Reality Headset

Introduction

Realistic visuals. Immersive soundscapes. Superb tracking and performance. Developed in collaboration with Valve and Microsoft, our breakthrough headset delivers a more immersive experience.¹ Ergonomically designed for comfort. Optimized for compatibility. Introducing the new standard in VR.

Important note: HP Reverb G2 Virtual Reality Headset is not recommended for children under the age of 13. All users should read the HP Reverb G2 Virtual Reality Headset User Guide to reduce the risk of personal injury, discomfort, property damage, and other potential hazards and for important information related to your health and safety when using the headset. Windows Mixed Reality requires Windows 10 May 2019 Update installed on the workstation or PC. Features may require software or other 3rd-party applications to provide the described functionality. To minimize the possibility of experiencing discomfort using a VR application, ensure that the PC system is equipped with the appropriate graphics and CPU for the VR application. For HP workstation VR ready recommended configurations, see: <https://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-6063ENW>

Overview

Key Features and Benefits

- Get more clarity over the previous gen with new lenses designed by Valve. And, interpupillary distance (IPD) adjustment allows you to adapt with the width of lenses – so you get a perfect fit.
- With four cameras and internal sensors for position detection, you can now track more of your arm movement. Jump right into virtual reality without additional peripherals.
- Immerse yourself in ultra sharp visuals with mura-free, 2160 x 2160 LCD panels per eye and full RGB stripe.
- Looking for access across all VR content? With compatibility across both SteamVR & Windows Mixed Reality,¹ access to everything VR is within reach. All with quick & painless setup.
- Connecting directly to the headset, our new and improved 6 meter cable is thinner, lighter and longer than ever, allowing for more room to move freely.
- With a smaller and more ergonomic design, our controllers are more natural and comfortable to hold onto. Plus, get superb tracking performance with integrated Bluetooth® connection.
- Get a high-quality audio experience with industry-leading Valve speakers. They sit off the ear by 10mm, allowing you to have a more comfortable fit.
- Increased cushion size allows for even weight distribution. Flex material and magnetic detachability provide a custom fit, no matter your face shape or size.
