

**Claim: “World’s Smallest All-in-One Printer”**

In March 2016, BLI’s research team investigated HP’s claim that the HP DeskJet 3700 All-in-One/ HP DeskJet Ink Advantage 3700 All-in-One printer Series, launching worldwide in 2016, is “...the smallest All-In-One Printer ...” Based on HP’s stated dimensions for the device of 403 mm x 177 mm x 141 mm (W x D x H), BLI analysts have determined that, based on available BLI data, no other inkjet All-In-One device, with a retail price below \$250 US (or international equivalents) as of this date, is available on the market that is smaller than the DeskJet 3700 series.

**Methodology**

BLI collects comprehensive specifications on copiers, printers, MFPs and scanners from all of the major OEMs in the document imaging industry. The information is obtained/confirmed by the manufacturer/distributor and not verified by BLI testing. Using BLI’s extensive product database, containing information on over 30,000 printers and MFPs worldwide, the BLI research team calculated the size in total volume (obtained by multiplying the claimed height x width x depth of the devices) of inkjet all-in-ones currently listed in the database. Models employing thermal inkjet and piezo inkjet technology were included in the sample, while other printing technologies (including direct thermal, dye sublimation, thermal wax, and other non-inkjet technologies) were excluded. “Portable” models (defined by BLI as models small enough to be carried and that include a self-contained power supply and battery/car adapter) were also excluded. While every effort was made to include the most accurate and complete information, some markets/regions lack complete BLI coverage due to limited engagement with vendors in those areas.

**Supporting data**

Manufacturer	Model	Suggested Retail Price	Volume (In cubic Inches)	Volume (in cubic millimetres)

## About Buyers Lab

BLI is the authoritative provider of test-based analytical information, competitive intelligence and sales enablement to the document imaging industry with a portfolio of products and services covering hardware, software and consumables. BLI supports all of the industry's leading Original Equipment Manufacturers, Independent Software Vendors and more than 3,000 active dealers and leasing companies. BLI's core platform, based on its sophisticated and proprietary analytical testing capabilities, powers a product offering that includes field and laboratory test reports, product evaluations and outsourced testing services. In addition, the company is widely recognized for its Pick Awards that distinguish OEMs, products and solutions for outstanding performance. BLI is headquartered in Fairfield, NJ, with offices in the United Kingdom, Hong Kong and Japan.

A handwritten signature in black ink that reads "Pete Emory". The signature is fluid and cursive, with a large initial "P" and "E".

Pete Emory

Director of Research & Lab Services, US/Asia
